KIRAA TERAA

KIRATERA, the fusion of "kira kira" and "terabyte", was established to bring brilliance to many. It's the NEW STANDARD COLOUR that achieves high density, vividness, and vibrant colours, supervised by hair artists Yuta Oreki (THE SLICK) and RYUSEI (PELE). They poured their expertise and dedication into every detail as leading figure in the modern beauty industry.

To express the new colours, talented creators from various fields have come together. They've crafted a visual storey focused on hair and fashion, allowing you to fully immerse yourself in the brand's universe. It's a synergy of creativity, offering stylish proposals.
